WHAT'S NEW

COABC CONFERENCE UPDATE

COABC's Conference provides educational and networking opportunities for new and established farmers, as well as the general public. We feature educational topics presented by knowledgeable speakers who are experts in their field. The 2012 conference theme is "Innovations."

The conference will be organized into three streams:

- **On-Farm Innovations** will explore on-farm issues such as wildlife management, the production and use of biochar, permaculture, waste reduction and utilization, simple record keeping and animal welfare.
- **Alternative Farm Models** will focus on different farming models and examine the good, the bad and the ugly. We will look into different forms of cooperative farming, community farming and land leasing arrangements. We'll also examine a farm school education program and a Young Agrarians network of new farmers.
- **Social Justice** will focus on issues that are rarely discussed openly in the farming community. We'll examine farm worker housing situations, apprenticeship programs, conflict and nuisance complaints, as well as working with people from First Nations and marginalized communities.

In addition to these streams, several workshops will explore topics including community seed collectives, innovative marketing tools, such as social media, and resources for selling at farmers' markets.

Registration will open soon so be ready to reserve your spot. Updated information is always available on our website www.certifiedorganic.bc.ca. Join us on face book and twitter to receive updates as they're posted.

COABC PRESENTATION TO THE SPECIAL COMMITTEE ON COSMETIC PESTICIDES

As many of you know there is currently a Special Committee on Cosmetic Pesticides struck by the BC Government to explore the introduction of a cosmetic pesticide ban in BC. COABC made a presentation to the committee and many thanks go to Randy Pearson for all his hard work preparing and presenting our position. The COABC pesticide paper is now up on the front page of our website as a reference for those who would like to submit comments to the Committee. The Pesticide committee is currently seeking public input until Dec 16th. To make your comments on a proposed ban on cosmetic pesticides in BC visit, <http://www.leg.bc.ca/pesticidescommittee/>. From this link you can submit your comments directly to the committee. This link also provides access to the terms of reference for the Cosmetic Pesticides Committee and presentations made to the committee by other organizations.

BC CERTIFIED ORGANIC CHECKMARK LOGO

ISO operators are fortunate to be able to use the Canada Organic label AND the BC Checkmark side by side.

The logo of the BC Certified Organic program is a key tool to identify certified organic products in BC. It is important that the symbol is used correctly; here is a quick reminder, especially for websites and the exclusion zone (white space.) The Program Symbol is enclosed by a black border. The border ensures that the appropriate white space or exclusion zone is provided around the composite mark. The Program Symbol must be enclosed by the border if the Symbol is applied against colored or complex backgrounds. However, if the background is white or off-white, it may be desirable to omit the border while ensuring the appropriate exclusion zone.

HUSKY REBATE PROGRAM

The Husky rebate program contributes 2% of purchase to COABC. You can at no additional cost to yourself help COABC by using your Husky loyalty card. Need a new Card? Email office@certifiedorganic.bc.ca.

INTERESTING

KEVIN AND ANNAMARIE KLIPPENSTIEN WIN OUTSTANDING YOUNG FARMERS OF CANADA AWARD

Congratulations to Annamarie and Kevin Klippenstein who on Nov 18, 2011, became the first ever Organic farmers to win the Outstanding Young Farmer of Canada award. Kevin and Annamarie are COABC members who own and run Klipper's Organic Acres based in Cawston, B.C. This year, they won the B.C. & Yukon Outstanding Young Farmers of 2011 title, which put them in the running for the National award.

The Canadian Outstanding Young Farmers award always has two recipients. This year Kevin and Annamarie share the award with Geoff and Jennifer Bishop of Atlantic Canada. COABC congratulates both the Klippensteins and the Bishops on this achievement.

Look for more information at <http://www.oyfcanada.com/national-event.aspx>.

EVENTS
