Consent to Use Official Marks Declaration

Operators must sign two copies of this document. They must retain one copy for their records and return one copy to the CB office. CB's must keep these declarations for inspection by COABC auditors.

Name of Certification Body: _____

Name of operator/enterprise: _____

Re: British Columbia Certified Organic Program (the "program") – Consent to Use Official Marks

We have approved the issuance to you of a **Program Certificate** for certain agri-food products. To enable holders of **Program Certificates** to indicate that their agri-food products are certified and meet the prescribed standards established under the program, the British Columbia Ministry of Agriculture and Lands has adopted certain **Official Marks** which are identified in the enclosed **Conditions for Consent to Use Official Marks** (Consent Conditions). We are authorised to permit our members to use the **Official Marks** on and subject to the Consent Conditions.

You may not use any of the **Official Marks** unless you first agree to be bound by the Consent Conditions. To confirm your acceptance of the Consent Conditions, please sign both copies of this letter in the space provided below and return one copy to us. When we receive your fully executed copy, this letter and the Consent Conditions will form a binding agreement between you, on the one hand, and each of us, the (Certification Body) _____ and the BCMAL on the other hand.
